This datasheet is intended as a general reference and not to be used as a specification. All information is believed to be accurate but is given without acceptance of liability. Some values could have been generated from limited data. The values listed for weight, thickness and tensile strengths are typical loomstate values, unless otherwise noted. Users should make their own assessment of the suitability of any product for the purpose required. All sales are made subject to our standard terms of sales which include limitations on liability and other important terms. The fabric style listed may not be available from inventory and minimum order quantities may apply.
